

Certified Water Steward Programme

Uisce Éireann is running a water stewardship training programme in partnership with Water Stewardship Ireland and the Lean & Green Skillnet. The programme supports business customers with training on how to lower water consumption and reduce operating costs while also protecting the environment.

Programme Outline

Online Learning

Module 1 - Introduction to Water Stewardship
Module 2 - Water Mapping of your Business
Module 3 - Water Conservation & Quick Wins at your site
Module 4 - Developing a Strategy & Action Plan

Workshop Webinars

Online mentoring and support workshops for the development of your water charter as well as providing peer to peer learning opportunities.

Develop a Water Charter for your site

All participants will prepare a Water Charter for their facility. The charter will capture the business case for action, the site's water map, water saving opportunities and an agreed action plan. To achieve certification, participants will be expected to present this charter to senior management and get approval for implementation.

Key Benefits of the Programme

This training programme is co-funded by Irish Water and the Lean and Green Skillnet allowing companies to nominate one member of staff to be trained.

Please Note:

Depending on your requirements, this programme can also be delivered as a customized, in-house corporate programme, for organisations wishing to standardize their internal Lean programmes, while still offering external university certification.

Our Lean Training Programmes are chosen & trusted by the following valued clients:

Wyeth

daa
Dublin Airport

CLAYTON
HOTELS

Reduce water use

Training on water conservation and quick wins at your site to drive behavioural change.

Protect the environment

Add the latest cutting edge green credential to hit your sustainability targets.

Monetary cost savings

Understand and visualise the site's water lifecycle to reduce operating cost.

Reputational benefits

Accepted under Bord Bia's Origin Green scheme and accredited by EWS.

Flexible Learning

Access training "anytime and anywhere", with minimum disruption to work schedules.

What are other businesses saying about the programme?

"We are delighted to be the first pharmaceutical manufacturer in Ireland to participate in Irish Water's Certified Water Steward Programme."

Audrey Kelleher, GE Healthcare

"The programme is the perfect first step on the water conservation and stewardship journey."

Ian Ryan, Wyeth Nutrition
